Millersville Community Center Report (CCTR)

Reporting Period: August 2025

Prepared by: Dawn Erle, Event Coordinator & Parks and Recreation Director

Note: This report reflects a standardized format in progress to be added to the Continuity Book. Sections will continue to be added gradually as the reporting process develops.

1. General Summary

In August, the Community Center collected \$3,040: \$1,390 from facility reservations, \$1,550 in security deposits, and \$100 in Christmas Craft Fair registrations. Regular programs like Sit and Stitch and the Well House Church teen night continued. No maintenance was completed, but both the digital sign and the projector need to be replaced, and the City Manager has been made aware. Planning is underway for the Trail of Treats in October, with vendor recruitment now open, and the Christmas Craft Fair in December, which already has five vendors signed up and a couple more expected. A community painting day is also being planned with a date yet to be decided.

2. Programs & Events

- Programs Held:

- Sit and Stitch continues to meet during business hours on Wednesdays.
- Well House Church continues to host a Wednesday night teen event.

- Special Events:

- No major events this month; preparation focused on fall and winter programming.

3. Maintenance & Facility Updates

- Completed: None in August.
- Needs: Replacement of the digital sign and the projector; the City Manager has been made aware.

4. Financial Summary

- Facility Reservations: \$1,390

- Security Deposits: \$1,550
- Program Registrations (Christmas Craft Fair): \$100
- Total Collected in August: \$3,040

5. Upcoming Plans

- Vendor recruitment for the Trail of Treats (October 25, 2025) is now open.
- Christmas Craft Fair (December 2025): Five vendors have officially signed up, with at least two additional vendors expected to register.
- Plan and schedule a Community Painting Day for the interior walls of the facility (date TBD).
- Expand volunteer outreach to support fall and winter events.
- Monitor facility needs, including replacement of the digital sign and the projector.

AUGUST 2025

August was an exciting and engaging month at the library as we welcomed our community back into a routine with the start of the new school year. To celebrate, we hosted a Back to School Bash on the Saturday following the first week of school. The event featured a library-wide scavenger hunt, back-to-school themed crafts, games, and, of course, popcorn — drawing families in for a day of fun and exploration.

Our regular programs are also picking up momentum. The Deck Builder's program has begun to establish a loyal following, and we're excited to see this group continue to grow as word spreads. Meanwhile, our STEAMonauts and Story Time have resumed, bringing energy and curiosity back to our younger patrons through hands-on learning and storytelling.

Looking ahead, we're developing new programs for September that will continue to support creativity, learning, and community engagement across all age groups. We're eager to share more as those initiatives roll out.

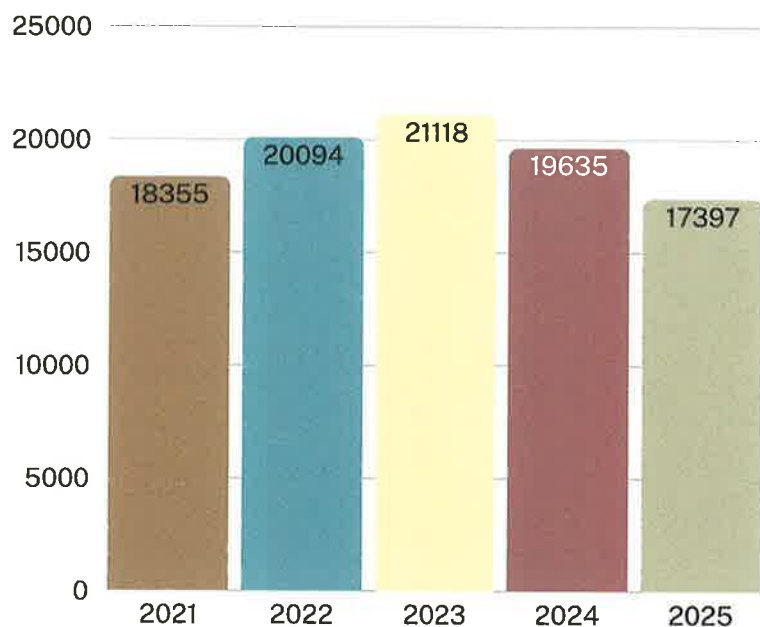

As always, we remain committed to providing a welcoming space for all and appreciate the ongoing support of our board, city and county leaders, and patrons.

Notes: Station 1 design plans are done just waiting on station 2 plans before continuing.

-Station 2 construction plans have been submitted to the state they are under review waiting for there approval.

-A new training software, Vector Solutions, was purchased and is already making a big impact. Also could have a great impact on HR training.

- We have had a more repairs then expected on a few apparatus, we have spent 60% of our yearly budget in 2 months. We are being very conservative.

-Ladder testing is finished. Hose should be done this month.

-Annual inspections are going really well, almost all churches are done. With over 15 scheduled for September so far.

- I have been looking into the purchase of a new fire truck.

- I am working on the budget to see the possibility of having part time firefighters working on the weekends to increase staffing levels.

Millersville Police Department

Monthly Report – August 2025

Accreditation

- We continued work toward Tennessee Law Enforcement Accreditation (TLEA), utilizing PowerDMS to organize, update, and manage department policies to ensure compliance with state standards.

Grants & Funding

- We continue to manage ongoing grant writing efforts focused on securing funding for additional staffing, in-car dash cameras, and de-escalation training resources. Now that there is additional supervisory assistance the department anticipates these areas receiving more attention.

Organizational Structure

- Applications were received, interviews conducted, and a new Patrol Sergeant was selected. Sergeant Reginald Carter was chosen and will be a great addition to supervising the Patrol Division. The Training Officer position was posted, and we are currently receiving applications. We will be looking to fill two vacancies in the patrol division left by the promotion of Sgt. R. Carter and the resignation of P.O. Daniel Abbott. We also have a new addition to the department. Vincent McCrary joined the department and was sworn in by the City Manager as a police officer.

Public Relations & Transparency

- The department is about to begin the first session of the Millersville Police Department Citizen's Police Academy. We are excited about this endeavor and are in the process of accepting and vetting applications. This is yet another step we are taking to reflect the department's commitment to accountability, transparency, and public trust.

Procurement

- We are continuing to go through the process of patrol technology upgrades, initiating the formal procurement process to improve operational capabilities.

Operations

- We plan to seek additional guidance and assistance in conducting a thorough audit of the police department evidence room now that the air quality issue has been resolved. We hope to initiate it within the next month.

Facilities & Branding

- A new air circulation system was installed in the police department evidence room. This will be a remedy for the poor air quality and make the workspace safer and more comfortable.

Community Engagement

- We are in the early stages of planning for community engagement opportunities such as "Coffee with a Cop", the next "National Night Out" and planning for a safe and secure Halloween night.

Sewer Maintenance & Repair

Tennessee 811 is the underground utility notification center for Tennessee and is not a goal driven task.

This is a service to provide utility locations to residents or commercial contractors. The 811 call system is designed to mitigate the damage to underground utilities, which each year, public and private utilities spend millions of dollars in repair costs. TN 811 receives information from callers who are digging, processes it using a sophisticated software mapping system, and notifies underground utility operators that may have utilities in the area. The owners of the utilities then send personnel to locate and mark their utilities.

Alarm Response Goal:

Our goal is to reduce the number of responses through an ongoing, proactive maintenance program at the major lift stations. However, there are uncontrollable factors that create an alarm condition; such as high water levels due to large rain events, loss, power outages and/or loss of phase.

System Repairs Goal:

The goal is to minimize failures with the major lift stations and the mainline gravity, low and high pressure force mains. We've been training key personnel over the last two (2) years on the proper operation and maintenance of the major lift stations. This program has been very successful in reducing the number of station failures. Some of our lift stations are either at or near their useful life. Therefore, we will continue to encounter equipment failures until the stations are replaced.

The mainline and service line repairs are mitigated in large part by the 811 line marking program. However, we do encounter residents or contractors that dig without notifying the 811 call center. Therefore, we have to make repairs and if the line break was due to negligence, I will send the responsible party a repair bill. In some cases, the breaks are due to weather and age.

Work Order Maintenance Response Goal:

The primary goal of the wastewater department is to provide fast, efficient and effective service to the City's approximately 2,000 utility customers. Dispatched and managed through our computer based work order system, staff responds to sewer related calls on a 24/7 basis. Our secondary goal is to manage the over 500+ mini-lift stations (grinder pumps) in our system using a proactive, programmatic approach. This is done by periodic scheduled maintenance. Additionally, the system has not been completely changed out from the prior two (2) generations of pumps. Thus, we have a large number of "change-outs" (C/O) as listed below.

Some of these change-outs can also be attributed to customer negligence (throwing foreign materials down the toilet). When abuse is the contributing factor, I will charge the cost of the pumps, panels and service costs to the customer.

Public Works Special Projects:

The goal is to be reactive to special requests that are made from time to time wither from the City Administrator or other departments.

Road Work Program:

The goal for this program is to maintain the City's right-of ways and drive lanes so they are free from hazards.

1. Curb - repair concrete curbs
2. Shoulder - maintain shoulders with rock
3. Potholes - repair asphalt such as base failures and pothole patching
4. Potholes - man hours associated with potholes/asphalt work
5. Mowing - medians, right-of-ways and City owned properties
6. R-O-W - tree trimming and roadside vegetative management (weed spraying)
7. Signs - repair, replace and/or install signs within the City limits
8. Salt - winter weather road clearing and salting

[illegible]

The goal of the brush collection and litter control program is to maintain an efficient collection service for the residents. In the past, residents have not been satisfied with the level of service

CITY OF MILLERSVILLE, TENNESSEE

ORDINANCE 25-826

**AN ORDINANCE TO AMEND SECTION 6 AND SECTION 7 OF THE ZONING
ORDINANCE OF THE CITY OF MILLERSVILLE**

WHEREAS, the Board of Commissioners of the City of Millersville, Tennessee adopted the Zoning Ordinance of the City of Millersville on June 1, 2020, to promote the general welfare of the citizens of Millersville, and,

WHEREAS, changing conditions and circumstances mandate periodic upgrading and clarification of existing laws, including zoning provisions, and,

WHEREAS, the Board of Commissioners of the City of Millersville, Tennessee, is seeking additional information to support the decision-making process for zoning map amendments for zoning districts that have extensive impact on the City of Millersville, and,

WHEREAS, The City of Millersville Planning Commission met on August 12, 2025, and recommended the approval of the proposed amendments.

NOW, THEREFORE, BE IT ORDAINED by the Board of Commissioners of the City of Millersville, Tennessee that Sections 6 and 7 of the Zoning Ordinance of the City of Millersville are amended as follows after the second reading of this ordinance:

Amend Section 6 (Additions in *italics and highlighted*; deletions in ~~strikethrough~~):

6.1.3 | SR-1 SUBURBAN RESIDENTIAL

The Suburban Residential Low-Density District (SR-1) coincides with the “Suburban Living” character areas in Chapter 3 of the Millersville Land Use Plan and is intended to accommodate primarily low density detached residential development along with complimentary institutional uses that would not be detrimental to the residential character of the district. These areas are characterized by primarily detached residential subdivisions which are traditionally auto dependent and separated from other uses to protect the residential nature. *This district is permitted only with a Planned Development overlay Plan as per Chapter 8 (Planned Development Districts).*

6.1.4 | SR-2 SUBURBAN RESIDENTIAL

The Suburban Residential Medium Density District (SR-2) coincides with the “Suburban Living” character areas in Chapter 3 of the Millersville Land Use Plan and is intended to accommodate primarily medium density detached and attached residential development along with complementary institutional uses that would not be detrimental to the residential character of the district. These areas are characterized by developments that are either entirely detached residential or a combination of detached residential and

attached residential designed in such a manner to blend in with the surrounding developments. *This district is permitted only with a Planned Development overlay Plan as per Chapter 8 (Planned Development Districts).*

6.1.9 | MFR MULTI-FAMILY RESIDENTIAL

The Multi-Family Residential District (MFR) coincides with the “Suburban Living and Regional Activity Center” character area in Chapter 3 of the Millersville Land Use Plan and is intended to accommodate high density attached and multi-family residential development along with complimentary institutional uses that would not be detrimental to the residential character of the district. This district can serve as a transitional district between SR-1 and SR-2 districts and more intensive use districts. *This district is permitted only with a Planned Development overlay Plan as per Chapter 8 (Planned Development Districts).*

7.1.5 | GENERAL COMMERCIAL

The General Commercial District (GC) coincides with the “Suburban Center” character area in Chapter 3 of the Millersville Land Use Plan and is intended to accommodate professional office uses, retail uses, restaurants, hotels, and other general commercial

uses. Complimentary institutional uses are also allowed. *This district is permitted only with a Planned Development overlay Plan as per Chapter 8 (Planned Development Districts).*

7.1.6 | HEAVY COMMERCIAL

The Heavy Commercial District (HC) coincides with the “Suburban Center” and portions of the “Employment Center” character area in Chapter 3 of the Millersville Land Use Plan and is intended to provide appropriate locations for specialized general commercial uses, including contractor storage yards and a variety of business services, which are oriented toward supporting other retail goods and personal service establishments, and not necessarily focused upon the shopping public. Areas within this district should have direct access to major streets and be generally situated in locations removed or buffered from residential uses. *This district is permitted only with a Planned Development overlay Plan as per Chapter 8 (Planned Development Districts).*

7.1.7 | INDUSTRIAL

The Industrial District (I) coincides with portions of the “Employment Center” character area in Chapter 3 of the Millersville Land Use Plan and is intended to accommodate light manufacturing, warehouse, and distribution. *This district is permitted only with a Planned Development overlay Plan as per Chapter 8 (Planned Development Districts).*

Judy Florendo, City Recorder

We also have a plan of services (provided by Brian Halma) for a potential annexation request. 1920 Hwy 31,

The first vote is by the City Commission to see if they want to proceed with the annexation process or not.

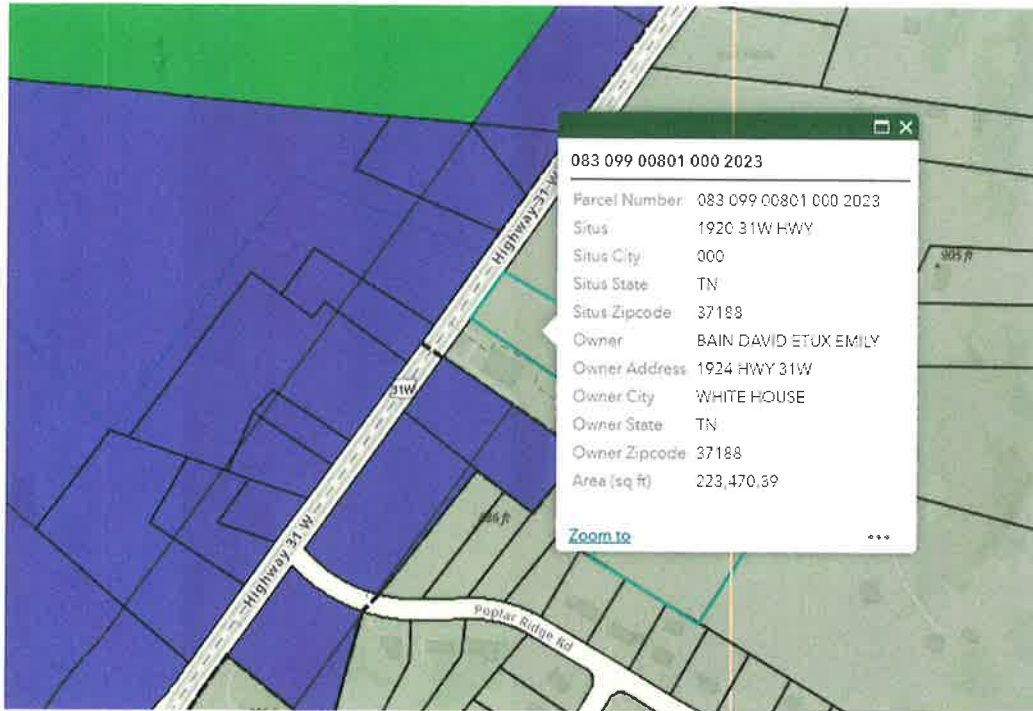

An affirmative vote sends this to the Planning Commission to review the plan of services and possibly make a zoning recommendation.

Following that, it would go back to the City Commission for additional steps.

A couple of issues:

1. Is the property adjoining? The property is across the street from property in Millersville proper, but it does not otherwise touch Millersville territory. I believe it is considered adjoining, but I want to verify that. If it is not adjoining, there are additional annexation requirements that the property may or may not meet

2. Zoning request. The owners did not provide a zoning request. The default zoning per the Zoning Ordinance would be to match the county zoning, which is Rural Residential
3. Confirming that they only want the one parcel annexed in. They also appear to own the property east of this property as well.
4. Possible sewer connection – the question would be where the nearest sewer would be and what it would look like to connect to sewer.

Plan for Serving the Annexation Area (Sumner County Tax Map 99, Parcel 008.01)

1. Police Protection

Police patrolling, radio response to calls and other routine police services, using the present personnel and equipment will be provided on the effective date of the annexation. The annexation areas would be evaluated along with other city areas as growth continues to determine the need for additional police personnel, equipment, and facilities.

2. Fire Protection

This annexation will not have a significant impact on the fire department. Fire protection by the present personnel and equipment of the Millersville Municipal Fire Department, within the limitations of available water and distances from the fire stations, will be provided on the effective date of annexation. Growth within these areas will be evaluated along with existing city areas for additional fire protection personnel, equipment, and facilities.

3. Water Service

The property owners obtained confirmation that White House Utility District will provide water service for the subject property.

4. Fire Hydrants

If any new fire hydrants are needed to service the site, it will be the responsibility of and the cost of the owner/developer.

5. Sanitary Sewer Service

Needs to be determined.

6. Electric Service

Electricity will continue to be provided by Cumberland Electric Membership Corporation to the proposed annexed area. There will be no change in this service.

7. Street Lighting

Additional street lighting will be installed upon request, if deemed to be feasible and required. There is no new roadway to be added with this annexation request, so no new streetlights are needed.

8. Garbage Collection

Garbage collection will be provided within 30 days of the effective date of annexation. This will be the same service and cost per household as is presently available and charged within the existing corporate limits.

Current city policies regarding residential, commercial and industrial refuse will apply in all proposed areas. Each residence will be included in the City's collection system and will receive a monthly pickup. No additional equipment or manpower will be needed at this time.

9. Street Construction

The property identified on Sumner County Tax Map 99 as Parcel 008.01 adjoins Highway 31 W. Highway 31 W is classified as a major arterial on the Millersville Major Thoroughfare Plan. This annexation will not include any added right-of-way.

10. Street Repair and Maintenance

- A. Emergency maintenance of local streets (i.e. repairing hazardous potholes, measures necessary for traffic flow, etc.) within the proposed areas will begin at time of annexation.
- B. Routine maintenance of local streets in the proposed areas will be scheduled on the same basis as such maintenance in the rest of the City.
- C. Reconstruction and resurfacing of streets, installation of storm drainage facilities, construction of curbs and gutters, and other such substantial improvements in the proposed areas (where identified as needed by the governing body) will be accomplished in accordance with the priorities and policies established for the entire City.
- D. It appears that no street name signs or street striping is needed at this time for the proposed areas.

11. Inspection and Code Enforcement

All inspection and code enforcement programs existing within the City will be extended to the annexation areas on the effective date of the annexation.

12. Planning and Zoning

- A. The planning and zoning jurisdiction of the City will extend to the annexation areas upon the effective date of annexation and all municipal planning activities will encompass the needs of the annexed areas.
- B. The owner did not include a zoning request. Per Section 5.4 of the Millersville Zoning Ordinance:
 - Any territory annexed into the City shall automatically, upon annexation, be classified as the City zoning district which most closely resembles its county zoning classification until the territory is zoned.
 - NOTE: It is the practice of the City to establish the zoning of annexed property simultaneously with annexation. In such case, approved said zoning classification shall apply.*

The current Sumner County zoning for the property is Rural Residential, so under Section 5.4, the Zoning Classification would be RR, Rural Residential.

The zoning for property in Millersville in this section of Highway 31 W is typically HC, Heavy Commercial for at least 200 feet from Highway 31 W.

13. Recreation

Property owners and residents of the territory to be annexed may use all existing park and recreation facilities, and public facilities, as currently provided to town residents on and after the effective date of annexation.

ORDINANCE _____

AN ORDINANCE AMENDING ORDINANCE _____ OF THE CITY OF MILLERSVILLE
THE CITY OF MILLERSVILLE PLANNING COMMISSION

WHEREAS, the Board of Commissioners of the City of Millersville find it necessary to amend and update Millersville's Ordinance _____ pertaining to the city's Parks and Recreation Advisory Board

NOW BE IT THEREFORE ORDAINED by the Board of Commissioners of the City of Millersville, Tennessee as follows:

CHAPTER 58
Section 2

ESTABLISHMENT OF A PLANNING COMMISSION

101. Planning Commission. Pursuant to the provision of TCA § 11-24-103, there is hereby created a municipal Parks and Recreation Advisory Board for the city of Millersville. The Parks and Recreation Advisory Board shall be composed of five (5) members whose duty it shall be to carry out the powers, functions, and duties in accordance with all applicable provisions of this ordinance and TCA § 11-24-103 et seq.

102. Membership Qualifications. The Parks and Recreation Advisory Board members must be bona fide residents of the city at the time of appointment and must have been a bona fide resident of the city for a minimum of one year (365 days) prior to the appointment.

103. Nomination and Appointment. One (1) member of the Planning Commission shall be a sitting member of the Board of Commissioners. The City Commissioner who is nominated to serve on the Planning Commission must be approved by a majority vote of the sitting Board of Commissioners. All other members of the Planning Commission shall be approved by a majority vote of the Board of Commissioners. Any vacancy on the board for any reason shall be filled in the same manner as the original appointment, and the individual so appointed will serve out the unexpired term.

104. Removal of Members. Members of the Parks and Recreation Advisory Board may be removed for the following reasons:

- a. If the board member has a change in residency out of the city (ie. no longer a bona-fide resident)
- b. If a board member is convicted of felony while serving on the board

- c. If a board member fails to attend three (3) Planning Commission meetings in a calendar year without prior approval from the Parks and Recreation Advisory Board Chairperson

105. Terms of Service. Parks and Recreation Advisory Board members shall serve for a period of three (3) years following their appointment. Any vacancy on the board for any reason shall be filled in the same manner as the original appointment, and the individual so appointed will serve out the unexpired term.

106. Pay. The members of the Parks and Recreation Advisory Board shall draw no compensation from the city as part of their duties.

107. Organization. The Parks and Recreation Advisory Board shall elect from its own membership a chairperson, a vice-chairperson, and a secretary. Each shall serve in such capacity for a term of one (1) year or until their successor has been elected for like terms. If an officer is removed or resigns from their position as an officer or the board entirely, then the board must elect a new officer from among their membership to fill the vacancy for the unexpired term.

- a. Chairperson: The duties and responsibilities of the chairperson shall be as follows,
 - 1. Preside at all meetings of the Parks and Recreation Advisory Board and have the duties normally conferred by the parliamentary usage of such officers
 - 2. Have the privilege of discussing all matters before the Parks and Recreation Advisory Board and to vote thereon
 - 3. Attend to any communications with the Board of Commissioners required on behalf of the Parks and Recreation Advisory Board
- b. Vice-Chairperson: The duties and responsibilities of the Vice-Chairperson shall be to execute the duties of either the Chairperson or the Secretary in their absence.
- c. Secretary: The duties and responsibilities of the Secretary shall be as follows,
 - 1. Shall sign all final plats that have been approved by the Planning Commission prior to their recording at the County Registrars Office
- d. City Parks and Recreation Director: The duties and responsibilities of the City Parks and Recreation Director shall be as follows,
 - 1. Have the authority to call special meetings when requested
 - 2. Shall keep the minutes and records of the Parks and Recreation Advisory Board
 - 3. Prepare the agenda for all regular and special meetings with the Chairperson
 - 4. Provide notice of meetings to all Parks and Recreation Advisory Board members
 - 5. Arrange proper legal notice of hearings and/or meetings in accordance with the Tennessee Open Meetings Act through coordination with the City Recorder and City Manager
 - 6. Attend to official correspondence of the Parks and Recreation Advisory Board
 - 7. Attend to any communications with the City staff on behalf of the Parks and Recreation Advisory Board
 - 8. Manages the budget for the Parks and Recreation department

108. Meetings. The board will hold meetings as required to carry out the powers, functions, and duties in accordance with all applicable provisions of this ordinance and TCA § 11-24-103 et seq. The City Parks and Recreation Director is responsible for calling all regular and special meetings. All meetings should be held at City Hall. Prior coordination must be made with the City Manager to ensure that an appropriate space for the public meeting of the Parks and Recreation Advisory Board is available and to ensure that the meeting is able to be broadcast live and/or recorded. Minutes for the board meetings shall be kept by the City Parks and Recreation Director in the same manner of the City Commission meetings. Minutes must be validated through the voting process in subsequent meetings. All minutes must be turned over to the City Recorder for documentation purposes after they have been validated. Parks and Recreation Advisory Board members will follow Robert's Rules of Order or other such modified rules as adopted in the conduct of their meetings and are subject to the Tennessee Open Meetings Act.

- a. Special Called Meetings: Special meetings may be called by the City Parks and Recreation Director. It shall be the duty of the City Parks and Recreation Director to call such a meeting when requested to do so in writing by a majority of the members of the Parks and Recreation Advisory Board. The notice of such a meeting shall specify the purposes of such a meeting and no other business may be considered except by unanimous consent of the board. The City Parks and Recreation Director shall notify all members of the Parks and Recreation Advisory Board in writing not less than five days in advance of such special meetings. The five (5) days notice of special meetings to Parks and Recreation Advisory Board members may be waived by unanimous consent of the Planning Commission in writing.

109. Quorum. A Quorum of the board shall be defined as a majority of the members appointed to the Parks and Recreation Advisory Board are present. A quorum shall be present before any formal business is transacted.

110. Voting Procedures. A concurring majority vote of the members of the board appointed once a quorum has been established shall be necessary for any function of granting, revoking, approving, reporting, recommending, or any other action.

111. Public Notice and Hearings. Parks and Recreation Advisory Board members are subject to the Tennessee Open Meetings Act, and as such all findings of fact, statements of material evidence and reasons for its actions as part of each motion or action of the board and the keeping of a record of its resolutions, transactions, motions, actions, and determinations shall be public record. All board meetings are open to the public and therefore must comply with the public notification notice. All agenda items that require a public hearing and/or comment by law, regulation, ordinance, charter, or rule shall be recorded by the City Parks and Recreation Director in the meeting minutes.

112. Scope of Duties/Authorities. The Parks and Recreation Advisory Board shall have the following duties assigned to them:

- a. Assist the Parks and Recreation Director in planning the city's annual holiday events (ie. Spring/Easter, Summer/4th of July, Halloween/Fall, Christmas/Winter)
- b. Assist the Parks and Recreation Director in developing new parks and recreation programs for benefit of the community
- c. Assist the Parks and Recreation Director with volunteer efforts for city events
- d. Assist the Parks and Recreation Director in enlisting sponsorship for city events or parks and recreation programs on behalf of the Director and only with the express permission of the Director
- e. Assist the Parks the Recreation Director with finding and pursuing grant opportunities and new revenue streams to improve city parks and recreation programs and offerings

The city's Board of Commissioners and City Manager retain all budgetary authorities over the Parks and Recreation department provided to them in the city charter and associated ordinances. All city events and programming changes will be briefed for approval to the Board of Commissioners during city Work Sessions.

Section 2

CONCLUSION

201. Severability. Each section, subsection, paragraph, sentence and clause of this ordinance is declared to be separable and severable. The invalidity of any section, subsection, paragraph, sentence or clause shall not affect the validity of any other provision of the ordinance.

202. Repealer. All ordinances and parts of ordinances, which are inconsistent with the provisions of this ordinance, are hereby repealed to the extent of such inconsistency.

This ordinance shall become effective after final reading and publication of the caption of this ordinance in a newspaper of general circulation in the town.
