Dear Sir/Madam,

I am writing this to clarify some questions which you have brought to my attention. The questions involve the intent of the Millersville Board of Commissioners with regard to two of our annexation ordinances. Hopefully, the following will clarify any questions you may have:

Although the revision of Map 127, Robertson County used to write up Ordinance 96-293 indicates November 1995, the person writing up the ordinance was evidently looking at a revision dated earlier, because of some changes which have taken place. Bethel Baptist Church approached the City of Millersville requesting annexation of all their property in order to provide them with sewer service. That was the intent of the Board and it was thought that the eastern line of parcel #60 was the eastern line of their property. Since it has been brought to my attention that they have purchased another tract, identified as parcel # 75.01, I have researched the intent and determined that the following verbage would have accomplished the intent of the Board. Ordinance 96-293 - On page 2, Line sixteen from the top and following should be changed to read,

"of Parcel No. 75.01; thence, in a southerly direction along the easterly line of Parcel No. 75.01, approximately 150 feet to the internal tract line of Parcel No. 62; thence following the internal tract line in an easterly direction to the westerly right of way of Mt. Pleasant Road, thence in a southerly direction to the northerly line of Parcel No. 73; thence following the boundary lines of Parcel No. 73 in a westerly and counter-clockwise direction to the point where the southerly line of Parcel No. 73 intersects to the westerly right of way line of Mt. Pleasant Road; thence, following the westerly right of way line of Mt. Pleasant Road in a southerly direction to the point of beginning."

On Ordinance 96-292, the line on the map provided to your office was inadvertently drawn on the southern boundary of Map 128, Parcel No. 71, because of the

Parcel being on the edge of the map, divided between Map 128 and 127. The intent of the Board was to annex the area specified in the verbage of the Ordinance, including Parcel No. 71. The Board had been asked to annex the property around Bethel Baptist Church, Highland Rim Speedway and others and the intent was to annex all property connecting to Bethel Road on the northside of the road from the existing City Limits to the property which had requested to be annexed.

I apologize for any inconvenience caused by these errors and will do anything possible to help alleviate any problems. If I can be of any assistance at all feel free to contact me at 859-0880.

Dear Lynn,

In my letter of April 1997, I made clerical changes to the language of Ordinance 96-293 to provide closure to the map which was provided to your office. It was my intent at that time and the intent of the Board when the annexation ordinance passed to exclude property which did not front on Bethel Road or had not requested to be annexed. Mr. Ollie Swift's property, Map 127, Parcel 73.01 was not intended to be included in that annexation. I have drafted another clerical change to the ordinance which I hope will resolve this issue. If there is any problem with this wording, please let me know.

Ordinance 96-293 - On page 2, Line sixteen from the top and following should be changed to read,

"of Parcel No. 75.01; thence, in a southerly direction along the easterly line of Parcel No. 75.01, approximately 150 feet to the internal tract line of Parcel No. 62; thence following the internal tract line in an easterly direction to the westerly right of way of Mt. Pleasant Road, thence in a southerly direction to the northerly line of Parcel No. 73; thence following the boundary lines of Parcel No. 73 in a westerly and counter-clockwise direction to the western edge of Parcel No. 73.01, thence, in a southerly direction to the northern line of Parcel 72 thence, following northern line of Parcel 72 to the westerly right of way line of S. Mt. Pleasant Road in a southerly direction to the point of beginning."

I apologize for any inconvenience caused by these errors and will do anything possible to help alleviate any problems. If I can be of any assistance at all feel free to contact me at 859-0880.
