

The City of Millersville will be suspending sewer cutoffs until August 27, 2020

The health and safety of our residents and staff are our number one priority. For this reason, we are suspending service disconnections and late fees through August 27, 2020.

During this time, we encourage you to use our online payment option. We're unable to discuss options by phone, due to office staff illness. We encourage our customers to make whatever payments they can during this time to prevent accumulation of charges.
